

“National Level Workshop on AI Driven Antenna Design and Optimization by Integrating Machine Learning, Deep Learning and Electromagnetic Intelligence”

Organized by
Department of Artificial Intelligence and Data Science

Date: 06 to 07 July 2026

Registration Form

Name: _____

Designation: _____

College: _____

Department : _____

Address _____

Watsapp Mobile Number: _____

E-mail: _____

Category: Academic / Industry / Others

Signature of the Applicant

Date:

Place:

Registration link

<https://ai-antenna-design-wo-rfud.bolt.host/#registration>

Register Before Seats are filled up.....

Hurry up.....

Chief Patron

Thiru. G.Kamalamurugan,
Correspondent, ESET

Patrons

Thiru. S.N Thangaraju,
Secretary, ESET

Principal

Dr. V.Venkatachalam,
Principal, ESEC.

Chairperson

R.Kalaivani,
Director/ Research

Conveners

Ms.P.Rajarajeshwari,
AP / AI&DS

Eligibility & Registration:

The Participants can be Students, faculty and PhD scholars from AICTE approved Technical Institutions. There is no Registration fee for any participant. On completion of the program, participants will be awarded a certificate of participation.

Mode of Conduction: Offline Mode

The sessions of Conference will be conducted at AI&DS Smart Classroom, Erode Sengunthar Engineering College

Contact Details

Staff Coordinator: Ms.P.Rajarajeshwari

“National Level Workshop on AI Driven Antenna Design and Optimization by Integrating Machine Learning, Deep Learning and Electromagnetic Intelligence”

Date: 06 to 07 July 2026

Organized by

Department of Artificial Intelligence and Data Science

Convener: Ms.P.Rajarajeshwari, AP / AI&DS

Erode Sengunthar Engineering College

(Autonomous),

Approved by AICTE, New Delhi, Permanently Affiliated to Anna University- Chennai

Accredited by National Board of Accreditation (NBA), New Delhi & National Assessment and Accreditation Council (NAAC), Bangalore with ‘A’ Grade

Perundurai, Erode - 638 057.

About Erode Sengunthar Engineering College

Erode Sengunthar Engineering College, Approved by AICTE, New Delhi and permanently affiliated to Anna University, Chennai and an Autonomous Institution was established in the year 1996 for the upliftment of urban and rural youth by the philanthropic visionaries of Erode Sengunthar Educational Trust. UGC has concerned the Autonomous status to the Institution for 10 years from 2019 to 2029 based on the successful and effective functioning. National Assessment and Accreditation Council (NAAC – UGC) has awarded A grade accreditation status. The college offers Eleven UG programmes in Engineering and seven PG programmes in M.E. Environmental Engineering, M.E. Computer Science and Engineering, M.E. Manufacturing Engineering, M.E. Power Electronics and Drives, M.E. Applied Electronics, M.C.A and M.B.A. It has full-fledged infrastructure furnished in all aspects. The institution is known for strict academic discipline and standards and is one of the best run institutions in this part of Tamilnadu. It is also well-connected by the bus routes from Erode (25km), Coimbatore (80 km) and Salem (80 km). The nearest airports are located at Coimbatore and Salem.

About the Department :

The Department proposed to start B.Tech. Artificial Intelligence and Data Science programme during 2020-2021 Academic Year with the intake of 60 and that increased to 180 in the academic year 2024-2025. The Scope of Artificial Intelligence and Data Science (AD) is massive and plays a vital role in future technologies. Artificial Intelligence and Data Science works with a cutting-edge combination of Machine Learning, Deep Learning, Data Analytics and Visualization Technologies. The Department has NVIDIA 40GB HP AI Server & well-equipped laboratories.

About the Conference

Gain key skills for rapid antenna development using software support: Simple programs reduce antenna creation time from months to days through automatic form adjustments and tests tailored for everyday devices such as smartphones and wireless routers. Combine pattern recognition methods with electrical field principles for superior outcomes: Matching algorithms work alongside core concepts of electric and magnetic forces to produce compact, robust antennas ideal for handheld units, detection systems, and satellite applications, avoiding repeated trials for faster progress. Explore projection techniques and practical cases for high-speed connections and intelligent devices: Layered calculations outline signal paths, radiation forms, and obstacle solutions, backed by real instances where adaptable antennas increase data capacity two to three times with minimal energy in rural areas, urban settings, and rapid networks. Practical training, national advantages, and readiness for advanced studies: Tools like MATLAB or Python allow swift simulations and prototypes, enhancing India's fast network deployment and domestic technology for defense, communications, and eco-friendly vehicles, preparing participants for graduate projects, publications, and collaborative efforts on precise beams and innovative materials.

Key areas to be covered:

- **Rapid Antenna Development**
- **AI-EM Integration**
- **Advanced Applications**
- **Hands-On Simulation**
- **Electromagnetic Intelligence**
- **Satellite Systems**
- **Wireless Communication**
- **Machine Learning**
- **Artificial Intelligence**

Registration Fee

Registration fee : **200 INR**

Registration Link:

Important Dates

Last date for Registration :04/07/2026

Address for Communication

The Convener,
Department of Artificial Intelligence and Data Science,
Erode Sengunthar Engineering College,
Thudupathi (P.O), Erode - 638 057, Tamilnadu.
Tel: 04294-232701, 232704
Website: www.erode-sengunthar.ac.in

Location

The college is located at Perundurai on the National Highway (NH-47) about 20 km from Erode and 80 km from Coimbatore. It is well connected by road and rail.

Note:

College Buses will be available at Perundurai Bus stand to reach college on the date of seminar. Timing of Transportation will be mailed to all the participants.
